

Li-Ve Fuller grant application

Complete this form to apply for a Li-Ve Fuller grant.

You can attach extra pages if you need to.

SECTION 1: Your contact details

Name:

The best number to call you on:

Your email address:

Your address:

SECTION 2: Your work

The organisation you work for:

Your role there:

The organisation's address:

How long have you worked in the disability sector?

SECTION 3: Your employer's support

We will contact your employer for a brief statement to support your funding application (for example, you can ask your supervisor, manager or coordinator to complete this). We'll ask them:

- why the organisation supports your funding application
- how the organisation will support you to undertake your project
- how the organisation will support you to use your funding outcomes to benefit people living with disability.

Provide contact details for the person we should contact.

Your supervisor's (or support person's) name:

Position (e.g. Manager, Team Leader):

Supervisor's email:

Supervisor's contact phone number:

I have discussed this funding application with the support person named above.

SECTION 4: Your proposal

Under what theme are you applying for a grant?

(Check that your proposal meets this quarter's theme.)

What will you use the grant for?

Example: I want to learn Tai Chi. I understand Tai Chi can be adapted for seated exercise and that there is a DVD series to help guide sessions and maintain the skills.

What do you hope to achieve?

Example: I'd like to run a weekly Tai Chi class for the people who attend the day activity centre where I work. Classes would be both seated and standing, so that as many people as possible could benefit.

Why are you interested in this subject/activity?

Example: I have done yoga for some years and use some of what I know at work but many people aren't able to get on the floor to do yoga. Tai Chi is a good alternative, particularly if I can learn and lead the seated program.

How will this benefit the person or people you support?

Example: The participants have varying levels of ability and many have chronic pain. Tai Chi will help them to improve their balance, flexibility, concentration, breathing, independent movement, confidence and wellbeing.

What are the details of your plans? (Who? What? Where? When?)

Example: There is a course starting at the Burnie Fitness Centre on 29 February. The course is in two parts – basic and advanced. Each course runs weekly for 10 weeks.

How much money are you applying for and how will you spend it?

Example:

Item	Cost (excluding GST)
20 Tai Chi classes	@ \$30 each \$600
Set of Tai Chi DVDs	\$150
TOTAL	\$750
